## Republican Ticket.

FOR PRESIDENT,  
**BENJAMIN HARRISON**  
OF INDIANA.

FOR VICE PRESIDENT  
**LEVI P. MORTON,**  
OF NEW YORK.

The Western Tree Planter is a new monthly paper published in the interests and for the exclusive information of tree claim planters and others interested in growing trees on our Western prairie. Its editors are practical arboriculturists, and have made a careful study of trees from the planting of the seed to the cutting of the timber, and are thoroughly posted on tree-growing in all its details. Information from such a source cannot but be reliable and great practical benefit to those who cannot spend the necessary time to learn these things. Millions of dollars have been wasted and all for the want of practical knowledge on the subject of tree growing. A department on small fruit growing will also be maintained. Only fifty cents for one year. Every farmer should subscribe. Address: Western Tree Planter, St. Paul, Minn.

Senator M. S. Quay says he will accept the chairmanship of the Republican Committee. As to the Republican prospect he had no doubt whatever, as to the certainty of General Harrison's election. He was asked as to the strength of the ticket on the Pacific Coast, and he said he thought Oregon was a finger board of public opinion in that section, and that California, Nevada and Oregon would give big majorities for the Republican candidates.

The Wise faction of the Republican party in Virginia made a proposition to the Mahone wing to select electors from both tickets and have one Republican electoral ticket in the State. Mahone remarked that the Republican electoral ticket named at Petersburg, on May 17th last, would be voted for by the Republicans of Virginia in the coming contest.

John L. Sullivan says he has not given up the prize ring by a long sight. Mitchell and Kira he declares to be big blowhairs, and says he will fight one or both of them whenever they wish, for \$15,000 or \$20,000 a side. He is not dead yet by any means, although many papers are trying very hard to kill him.

The Enterprise says that last Saturday the mercury registered 94 degrees in the shade down at Carson. No wonder the Carsonites are obliged to go to Reno to cool off. They would probably find a room over one of the Steamboat geysers a still better cooling off station.

The British History Review says: "We venture to assert that England will reap the largest share of any advantages that are sure to arise from the adoption of the idea now advocated by the Free Trade party in America."

General Harrison has about recovered from his recent indisposition. Telegrams and letters of inquiry continue to pour in upon him from surrounding cities asking him to fix a time when political clubs may call on him.

The remains of the late Roscoe Conkling were removed from the receiving vault and interred in the Seymour lot in Forest Hill Cemetery, at Utica, Monday afternoon. The casket was not opened.

Argument in the Sharon case on application by the executors of the estate for a bill of revivor closed Monday and the case was submitted. Counsel was given till August 9th to file briefs.

Joe Hall, the grocer, has a Harrison badge that he wore during the campaign of 1840. Joe is as proud of it as can be, and says they elected Harrison then, and will do it again.

Mr. Blaine will sail for home on August 1st, and Mr. Harrison's letter of acceptance will appear shortly after. After that we are likely to hear something of politics.

The House has refused, by a vote of 102 to 120, to strike wool from the free list of the Mills bill.

A bill has been introduced in the French Chamber of Deputies to prohibit duelling.

The Truckee Republican is again issued in its regular size.

## GENERAL HARRISON.

He Will Write an Unequivocal Letter of Acceptance.

CHICAGO, July 15.—A special dispatch from Washington says: A gentleman who arrived in Washington to-day from Indianapolis gives me some news respecting General Harrison and what he will likely do during the next few weeks. "I saw General Harrison on Friday," says he, "and I was astonished to see the changes wrought by the work which has devolved upon him since the Chicago Convention. I had not seen him for some time prior to my visit at his home on Friday. The General is a very rugged man, and has good health, but his face begins to grow thin and he shows the loss of sleep and the wear of his continual intercourse with the people. He has departed from the usual routine of Presidential candidates and sees everybody who calls upon him. Indianapolis is one of the largest railroad centers in the United States, and nearly all through passengers from the East to the West and from the West to the East pass through the Hoosier capital. Those of a political turn who are Republicans almost invariably stop off at Indianapolis to call upon the Presidential candidate, and then the thousands of excursionists who are pouring into Indianapolis to visit him are all received and given personal attention. They come from 6 o'clock in the morning till 1 or 2 o'clock at night, routing him out of bed and keeping him out, so that he does not have more than five or six hours of actual sleep in every twenty-four.

"Mrs. Harrison also begins to show unmistakable traces of wear, and I am not surprised that both of them are reported ill. There has not been a man, woman or child turned away from the Harrison house since the nomination, unless they have been received by the host and hostess. Just as I was leaving the house on Friday General Harrison insisted that I should remain for dinner, and in this request Mrs. Harrison joined. I refused to do so, because I did not want to intrude upon him, and suggested that they were being subjected to impositions when Mrs. Harrison said, 'No imposition at all. We are keeping open house and are prepared and glad to serve meals at all hours from 6 o'clock in the morning till midnight.' I think the General and Mrs. Harrison intend to slip out of Indianapolis for two or three weeks and go to some eastern resort where they can be by themselves and get away from the callers; not that they want to escape the crowd, but that they can get some rest and the General will have an opportunity to write his letter of acceptance.

"I talked to him on this subject, and while he did not give me to understand directly what he intended to say on any question, I am sure it will be one of the clearest and strongest letters ever written. There will be no question when he writes this letter about his position on the Chinese or other pauper immigration; what he thinks of the foreign policy of the present Administration; or his idea on the labor question or financial issue, and the main points of the impending campaign. He will take a position on the tariff which will make every protectionist clasp his hands with joy. Mr. Blaine, I understand, has written General Harrison a letter on the subject of foreign affairs, and what has been done by the present Administration which the Plumed Knight terms pusillanimous, and you may expect some statements in the letter of acceptance as to what our foreign policy should be which will have the true American ring to them."

## AN EXPLANATION.

What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word malaria was comparatively unknown, to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and malaria are intended to cover what our grandfathers called biliousness, and all are caused by troubles that arise from a diseased condition of the liver which, in performing its functions, discharging it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous trouble, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

## ADVICE TO MOTHERS.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 21-1894

PLATFORM AND SOLUTIONS.  
The Republicans of the State of Nevada in convention assembled again express their sympathy to the principles of the Republican party, which have made the country so great and prosperous during the last quarter of a century.  
Resolved, That the question of a sufficient supply of a circulating medium to maintain a permanent range of the price of labor and property is the most important political question awaiting solution by the American people.  
Resolved, That a diminishing quantity of money reduces the price of labor and property, increases the obligation of contract, enriches the creditor, impoverishes the debtor, and paralyzes industry and enterprise.  
Resolved, That the present financial system of the United States, which increases or diminishes the circulating medium at the pleasure of the manipulators of the National bank, without regard to the increase of population or the wants of the people, and which recognizes gold alone as the standard of value, and places in the hands of the Treasury Department all the revenue of the Government to speculate with in bonds and loan to National banks without interest, is subversive of the rights of the people, oppressive, unjust, and should be repudiated.  
Resolved, That a financial policy whereby both gold and silver shall form the basis of circulation, whether the money used by the people be coin, or in certificates redeemable in coin, or both, as convenience may require, is imperatively demanded.  
Resolved, That the attempt to substitute National bank notes, created by the Government out of dollars annually, for free silver, costing nothing, is an outrage upon the people; that the money ring or trust, which has usurped the sovereign power of the Government to issue the paper currency, and which has fraudulently demonetized silver and seized the revenues of the Government for private speculation, shocks the moral sense of the people and destroys respect for Government and law. We demand that this ring or trust be destroyed and equal rights restored to all people.  
Resolved, That we charge that President Cleveland is the willing tool or agent of a powerful money ring which intends the subversion of the Government, makes war on silver, issues the paper currency at the expense of the Government, borrows the revenues raised by taxation, and uses them to wit out the payment of interest, contracts the currency to enhance the value of bonds, and enriches the usurers while it depresses the price of labor and property.  
Resolved, That we favor the nomination of no man for President who is personally interested in National banks or the bonded indebtedness of the United States, and we demand that the will of the people be done to justice to all the people of the country—the poor as well as the rich.  
Resolved, That the trickery of the President and his advisers by which they prevented a vote in the House of Representatives on the Beyer silver amendment and purchasing bill, and the villainy of the secret and fraudulent demonetization of silver in 1873.  
II  
Resolved, That we are in favor of the protection of home industry, and that the laborers of this country have a right to all the work required to supply the needs of the United States, and that we are in favor of high wages in this country, and to that end will protect the wage-workers' competition with the cheap labor of other lands.  
Resolved, That the policy of the Government should be inaugurated and established by the people through their representatives in both Houses of Congress, and not by the President or the money trust, of which he, either as agent or head, is most active in defending.  
III  
Resolved, That we charge President Cleveland with violating every promise he made in favor of civil service reform, with crippling the mail services, with refusing to sign necessary bills for the improvement of rivers and harbors, with using the power of his administration to prevent appropriations for a navy and coast defenses, with attempting to destroy the protective tariff, with courting the good will of other nations, and with joining the foreign bondholders to demonetize silver and destroy the industries of our country, and for the reduction of wages of the mail employees and Government workers, and for the reduction of the Government's revenue.  
IV  
We are in favor of the absolute exclusion of Chinese, and the restriction of immigration, by which the present overcharged condition of the labor market is made worse, and also favor legislation by which a revision of our naturalization and land laws may be accomplished.  
V  
We demand, in behalf of our various industries, the retention of the duties on lead, borax, soda, hides and leather, and to restore the tariff of 1867 on wool.  
VI  
Resolved, That we recognize the right of labor to organize for its lawful protection.  
VII  
Resolved, That we favor the submission by the Legislature to the people of an amendment to the Constitution giving the Legislature the power to regulate the liquor traffic.  
VIII  
We favor liberal appropriations by Congress for hydrographical and topographical surveys in this State to the end that the waste waters may be preserved for the purposes of irrigation.  
IX  
We endorse the wise and conservative administration of Governor U. C. Stevenson, and we heartily commend the able efforts of Senators Stewart and Jones, and Representative Wood, in behalf of the interests of the people of this State.  
X  
We favor the granting to Nevada of all Government land within the State for the purpose of providing means for irrigation and other improvements.  
XI  
We favor the reduction of the Treasury surplus by the payment of pensions to Union soldiers, their widows and orphans, the improvement of rivers and harbors, the building of fortifications for our sea-coasts, the erection of public buildings, the creation of a navy the purchase of bonds and the repeal of the internal revenue laws taxing tobacco.  
XII  
It is the duty of the State to maintain free non-sectarian schools in the rural and sparsely settled districts as well as in towns and thickly settled sections, and that such a division of the school money should be made as will furnish the means of education to all children in the State.  
XIII  
We are in favor of re-opening the Carson Mint for coinage, and raising the wages of its employees to the standard paid by the last Republican Administration.  
XIV  
We demand the restoration of the mail service in this State to the efficiency maintained by the last Republican Administration, and favor the payment of fair wages to all postal employees.
